

Senate Resolution (2024:4)

Title: Addressing the SGA Budget Deficit

Author: Vice President Michael McIntyre

Date: February 13, 2024

- Whereas:** The SGA Budget of past years was designed for teams of different sizes and therefore scopes; and,
- Whereas:** The previously accepted amount of SGA members is no longer tenable for an APU Student Body of the present size; and,
- Whereas:** We do not desire to terminate any employees mid-year based on issues that are out of their control; and,
- Whereas:** We also do not wish to run a budget deficit for the year; and,
- Whereas:** In order to best serve the Student Body, we must be financially responsible with what is allotted to us; therefore,
- Be It Resolved:** The hours of SGA members will be reduced, effective immediately; and,
- Be It Further Resolved:** The SGA Budget moving forward will not run a deficit as a result of salary spending.
